

Preparing for a Clean Energy Career Training and Educational Opportunities

Alex Risley Schroeder

Green Careers Coach, Franklin
Hampshire Regional Employment Board

Short term skill training

- **How is it relevant?**
 - Increases technical proficiency or knowledge
 - Gain a credential
 - Make industry connections
- **What's the bang for the buck?**

Possibilities

- **Professional associations**
- **Community organizations**
- **Local, statewide and national training efforts**

Other opportunities

- **Volunteering**
- **Local committees**
- **Informational interviewing**

Be strategic

- **Assess your skills and experience**
- **Evaluate what's transferable**
- **Get to know people in the field**
 - **Talk with them about training, certifications**
 - **Create 'shadowing' or interning opportunities**
- **Watch trends, follow the funding**

Put it together
