Introduction

Adrian Akmajian played a crucial role in moulding the Department of Linguistics at the University of Massachusetts, Amherst. His influence is still felt here. When we heard about his tragic and untimely death, we thought that it would be fitting to dedicate the upcoming NELS conference in Amherst and the present volume to his memory. Before the opening paper was read, two colleagues of Adrian's, Dick Demers and Don Freeman, spoke a few words of tribute and remembrance for this great man, linguist and friend.
