Conference:

**Old World/New World: Culture in Transformation
Society for Historical Archaeology.
January 10-14, 2007**

Central to the theme of the 2007 SHA conference in Williamsburg/Jamestown, Virginia, is the historical archaeology of Jamestown in the context of the emerging 16th and 17th century Atlantic World. The program will feature a plenary session focusing on the archaeology of the early decades of European expansion along the Atlantic rim, and what it reveals of the process of cultural change among Europeans, Africans and native peoples. Concurrent sessions are open to presentations on regional or temporal variations on the plenary theme and other individual research projects that incorporate comparative and interdisciplinary research. Innovative use of advanced technology will be a subtheme throughout. Additional information is available from the Society's web site at www.sha.org.
