critical information literacy
GENDER INEQUALITY
as perpetuated through information
Reviewer’s conclusion: we should get a man’s name on MS to improve it (male colleagues had already read it) (2/4)

It would probably also be beneficial to find one or two male biologists to work with (or at least obtain internal peer review from, but better yet as active co-authors), in order to serve as a possible check against interpretations that may sometimes be drifting too far away from empirical evidence into ideologically biased assumptions.
human trafficking for understanding from a local perspective
facilitating access to survivor stories not often heard
information literacy for SOCIAL JUSTICE
The use of TECHNOLOGY & INFORMATION to highlight issues of social justice
How Ferguson changed hearts and minds in America
