DOSE-RESPONSE

Table of Contents

REGULAR MANUSCRIPTS

Editorial: Is Airport Body-Scan Radiation a Health Risk?
Jerry M. Cuttler ........................................................................... 1

Human Health and the Biological Effects of Tritium in Drinking Water: Prudent Policy through Science – Addressing the Odwac New Recommendation
S. Dingwall, C.E. Mills, N. Phan, K. Taylor, D.R. Boreham ......................... 6

Ozone as U-Shaped Dose Responses Molecules (Hormetins)
G. Martínez-Sánchez, G. Pérez-Davison, L. Re, A. Giuliani .................. 32

Cancer Mortality in Six Lowest Versus Six Highest Elevation Jurisdictions in the U.S.
John Hart ...................................................................................... 50

Epidemiological Evidence for Possible Radiation Hormesis from Radon Exposure: A Case-Control Study Conducted in Worcester, MA
Richard E. Thompson ..................................................................... 59

SPECIAL ISSUE ON HORMESIS AND PLANTS

Guest Editor: Stephen O. Duke, United States Department of Agriculture, University, MS

Phytotchemical Phytotoxins and Hormesis - A Commentary
Stephen O. Duke ........................................................................... 76

Hormesis and A Chemical Raison D’être for Secondary Plant Metabolites
Franz Hadacek, Gert Bachmann, Doris Engelmeier, Vladimir Chobot ........... 79

Mathematical Modeling of Plant Allelopathic Hormesis Based on Ecological-Limiting-Factor Models
Yinghu Liu, Xiaoqiu Chen, Shunshan Duan, Yuanjiao Feng, Min An ........... 117

Selective Toxicity at Low Doses: Experiments with Three Plant Species and Toxicants
Aki Sinkkonen, Mervi Myyrä, Olli-Pekka Penttinen, Anna-Lea Rantalainen ...... 130
