

## Book III, Otto Vogl: Publications, 1977-1979

Item Type	book;article
Authors	Vogl, Jane C.
Download date	2024-12-13 08:54:34
Link to Item	<a href="https://hdl.handle.net/20.500.14394/23082">https://hdl.handle.net/20.500.14394/23082</a>

## **c. Book iii, 1977-1979, Publications, pp. 1-695**

### **Review Articles**

D. Bailey and O. Vogl, Polymeric Ultraviolet Absorbers, *J. Macromol. Sci., Reviews*, C14(2), 267-293 (1976).

O. Vogl, with H. Cherdrón, P. Dreyfuss, S. Penczek and E. Vandenberg, Panel on Oxonium Ion Polymerization, *J. Polym. Sci., Symposium No. 56*, 469-482 (1976).

### **Patent**

Australian Patent 239,937, Crystalline Polyaldehydes, Appl. 7/17/1957, Priority 8/18/1958, Issued 8/3/1962.

### **Publications**

H.J. Chang and O. Vogl, Regular Copolyamides 1. A Facile Method for the Preparation of Diamine-oxamides, *J. Polym. Sci., Polymer Chem. Ed. 15*, 311-322 (1977).

H.J. Chang and O. Vogl, Regular Copolyamides. II. Preparation and Characterization of Regular Aliphatic Copolyoxamides, *J. Polym. Sci., Polymer Chem. Ed. 15*, 1043-1060 (1977).

D. Stevenson, A. Beeber, R. Gaudiana and O. Vogl, Regular Copolyamides. III. Preparation and Characterization of Aliphatic/Aromatic Copolyoxamides, *J. Macromol. Sci., Chem. A11(4)*, 779-809 (1977).

D. Tirrell and O. Vogl, Regular Copolyamides. IV. Characterization of Membrane Morphology, *J. Polym. Sci., Polymer Chem. Ed. 15*, 1889-1903 (1977).

K. Hatada, L.S. Corley, Sh. S. Verzirov and O. Vogl, Haloaldehyde Polymers. IV. PMR Rate Measurements of Anionic Chloral Polymerization, *Vysokomol. Soedin. A* 19(9), 1987-1993 (1977).

H. Inoue, M. Helbig and O. Vogl, Preparation and Characterization of H-H Polymers V. H-H Polystyrene, *Macromolecules* 6, 1331-1339 (1977).

O. Vogl, Teaching of Polymer Synthesis, Abstracts, ACS Meeting, Mexico City, 1975.

R.S. Porter and O. Vogl, PSE and MRL at the University of Massachusetts, Abstracts, ACS Meeting, Mexico City, 1975.

D. W. Lipp and O. Vogl, Stereoregularity as a Function of Side Chain Size in Perhaloaldehyde Polymerization, in RING OPENING POLYMERIZATION, T. Saegusa and E. Goethals, Ed., ACS Symposium Series 59, p. 111-128, 1977.

D. W. Lipp and O. Vogl, Haloaldehyde Polymers. X. Polydibromochloroacetaldehyde, *Polymer J. (Japan)*, 9(5), 499-510 (1977).

D. W. Lipp and O. Vogl, Haloaldehyde Polymers. XI. Polybromal, *Polymer (London)*, 18, 1051-1058 (1977).
